\* YOUR CONTINUED INTEREST IN RECEIVING \*  
\* THIS PUBLICATION. IF YOU DO NOT RE- \*  
\* TURN THIS NOTICE PROMPTLY, YOU WILL \*  
\* BE DROPPED FROM THE MAILING LIST. \*  
\*\*\*\*\*

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of May 12, 1977 (based on reports from exporters for the week ending May 1 unless otherwise noted):

Wheat: As the 1976/77 marketing year (MY) draws to a close, most sales activity is concentrated in the new MY beginning June 1. Japan was the only significant buyer for 1976/77, while the USSR, Peru and the Philippines switched substantial quantities from this MY to the next. Poland, Israel and Korea increased purchases for 1977/78. Export sales have slowed as the persistent decline in wheat prices is apparently encouraging many buyers to watch market developments closely and to defer making additional purchases.

Corn: Buyers' interest continued fairly good as net sales amounted to 484,900 metric tons (MT). Buyers included several EC countries, Spain, Greece, the USSR, Korea and Mexico. Most of Mexico's purchases were reported last week under the daily system. A large number of sales previously reported to unknown destinations were assigned specific destinations. USSR purchases increased sharply as 145,700 MT was switched from unknown destinations. Exports were respectable with nearly 946,200 MT clearing U.S. ports.

Sorghum: Business was slow as Mexico added 40,000 MT to earlier purchases and 30,500 MT was shifted from unknown destinations to Norway. A number of contract adjustments were reported in sales to Japan, the net effect of which was a reduction in MY sales to Japan and in total sales to all destinations. Optional origin sales to Japan fell as options other than U.S. origin were exercised on 64,800 MT.

Barley: Sales activity continued modest with a sprinkling of new sales and some switches in destinations. The pace of exports accelerated as importers hastened to clear the 180,000 MT still listed as outstanding sales. With one month remaining in the 1976/77 MY, exports are 100,000 MT short of the official projection of 1.4 million MT.

Rice: Sales were slow with the purchase of 7,000 MT by Senegal the major feature. Additional sales to Iraq were revealed as 6,800 MT was switched from unknown destinations and shipped. Exports were heavy as Korea shipped recent PL-480 purchases.

Cotton: Sales activity for both 1976/77 and 1977/78 declined from last week's record level, but still was the second largest quantity this season. Sales for 1976/77 of 95,700 RB were principally to Korea and Japan. Sales for 1977/78 totalled 215,300 RB as Japan, Korea, Taiwan, Hong Kong and Thailand added to their purchases and the PRC purchased 47,600 RB, the first since 1974/75. Exports continued heavy as 126,000 RB were lifted, 76,200 RB to Asian markets and 30,000 RB to Egypt, completing its current purchases.

Soybeans: Sales activity for 1976/77 registered a sharp decline from the pace of recent weeks, slipping to the lowest level since late December 1976. Major new sales were reported to Japan, the Netherlands and Taiwan. Numerous changes in destinations were reported with most of the shift out of unknown to Japan, Romania, Spain, the Netherlands and Italy. Sales for the next MY rose by 143,500 MT as the EC, Japan and Venezuela added to earlier purchases. Indonesia also switched 20,300 MT to the next MY. Exports were extremely heavy at 475,100 MT with the Netherlands, Japan, Romania and Spain being the major recipients.

Soybean Cake and Meal: Large sales to the EC (113,200 MT) pushed weekly sales activity to the heaviest level in nearly a month. Mexico and Canada also were major buyers. The EC and Eastern Europe accounted for most of the 87,200 MT exported during the week.

Soybean Oil: India's purchase of 30,000 MT commercially was the major news for the week. Weekly exports of 30,000 MT, largest so far this MY, went primarily to Pakistan (PL-480, Title I), Iran and Chile. Optional origin sales of 15,000 MT were reported to India.

Oats: Showed no significant activity.

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
